THE ONE RULE

Numbers, access, and supervision are your story. Outcomes are never your story. If a line promises what the medicine will do, it does not ship.

- NO EM DASHES, HOUSE STYLE

- PRICES: \$99 SEMA, \$149 TIRZ, \$109 TEMPO

- #AD BEFORE THE LINK, ALWAYS

GLP-1 and price *headlines*.

GLP-1 / weight care

Real GLP-1 medicine, handled online.

Compounded semaglutide, from \$99/mo.

The waiting room is optional now.

The GLP-1 program that fits real life.

GLP-1 care, priced in the open.

From \$99/mo. Prescribed online.

Price angle

The price gap is the story.

What GLP-1 care costs when pricing is published.

No insurance. No four figures. No mystery.

Transparent pricing, physician supervised.

Category *headlines.*

Sexual health

Handled quietly, online.

No waiting room. No pharmacy counter.

ED treatment from licensed US providers.

Discreet by design.

Hair

Hair loss, treated early.

Prescription hair care, online.

Finasteride from licensed providers.

Longevity

The longevity stack, prescribed.

NAD+ and sermorelin, behind a real intake.

Longevity care, physician supervised.

Captions, by *channel.*

Pair any CTA with a fact, not a promise: a price, a state count, or the supervision line. "See if you qualify" after "From \$99/mo" outperforms hype because it reads like retail, not persuasion.

Disclosure, per *channel*.
